Circuit Court Term Ends

The September term of circuit court came to a close yesterday, the last day of September, with the settlement of a damage suit.

It was the lawsuit in which Howard Travelstead, Lou Travelstead, Ada Lee Blue and Willard Blue sued Marion Kent for damages resulting from an incident on Route
13 in Buena Vista during the summer of 1953. The Kent car struck
the porch on which the plaintiffs
were sitting and damages sought
were for injuries received.

The case was settled during a break called by Judge C. Ross Reynolds immediately after the jury was selected. The law firm, Rumsey and Dennis, represented the plaintiffs, Atty. DeWitt Twente the defendant.

Another interesting point, What makes this so dynamite- noted by the conservative New York Journal of Commerce, is that the oil companies got every law they wanted through the last Congress. They inncreased the public domain for oil and gas leasing. They got the right to develop both minerals and oil and gas on the same public land simultaneously. And they put across certain improvements in leasing regulations. GO SLOW, IKE

Taken together with tidelands oil, there was almost nothing the time being?" oil industry didn't get. And when you compare this with the long list of political contributions from the oil boys to the Eisenhower campaign, and then turn the 48,000,000 acres of Alaska oil lands over to the oil companies—well, no wonder some Republicans such as Senator Saltonstall of Massachusetts have warned Eisenhower

Personally to go slow.

Yet Secretaries McKay and Anderson propose the Alaskan private leasing plan despite the advice of Ray M. Thompson, long-time expert for the Navy who worked in the Alaskan oil fields. "At least one major oil field, plus big reserves of natural gas,' is what Thompson says have been discovered in Alaska. "I do not believe you could duplicate that

laden from a political viewpoint is, record in the state of Oklahoma

chief, Secretary Anderson, to get

"There has been a reasonable chance of finding a tremendous oil field. There is still a reasonable chance of finding a tremendous by Dorothy Carter. When we stop, it is still possible that someone else, ourselves or someone, depending on the national policy, of course, might find a very substantial oil field in that area.

CONGRESSMEN DEMUR The congressman who

to do. We have a great reserve up ard, Mrs. Louie LaBaw, Mr. and there that we spent \$40,000,000 on," Mrs. Clark Kuppart, Jim and Judy. Vinson pointed out. "Now we are Mrs. Clyde Pittman, Mrs. Jake going to stop. Now what you going to do, just let it stay there, or are you going to make contracts with private enterprise to go in there and develop it?"

"Oh, no sir," replied Anderson, we will not plan to make private contracts.

"Do you propose to turn this land back to the Interior Department or do you propose merely to let it remain in status quo for the

"I would just propose to let stand in status quo," replied the secretary of the Navy.

"If you decide to change your mind, will you tell this committee about it? 'Yes," replied Anderson.

However, without telling Congress or the committee, plans have been under way in both the In-terior and Navy Departments to turn the two big Alaskan oil fields over to exploitation by private companies. As a result of news-paper inquiries it's probable that the leasing of one oil field has been stopped. But what happens later remains to be seen.

Seeks \$5,558 In Damage Suit

Fred Klapstein seeks \$5,558 damages from the Triangle Construction Co., which he charges in his complaint was responsible for a crash involving his car. The complaint, filed in circuit

court by Atty. Arlie O. Boswell says that Klapstein was driving eastward about a half mile east of the east limits of Carrier Mills and that the right wheel of his car hit a hole in the pavement in an area where the Triangle company is improving the road.

As a result, the complaint says, his auto was thrown into a car driven by W. C. Reynolds. It says his auto was demolished and that he was injured.

Adm. Carney Says U.S. Must Step Up

Ship Building Program TYLER, Tex. (P) - Adm. Robert B. Carney said today Russia may have 100 submarines in the Pacif ic and has begun to try out firstclass cruisers in both the Pacific and Atlantic.

The expanding Soviet navy has broken the sea power monopoly of America and its allies in the Pacific, the chief of naval operations said in a speech at the Tyler Rose Festival.

Carney said it was "imperative" for the United States to step up its naval shipbuilding program to "bring in a steady flow of new and modern ships."
He disclosed that the Navy soon

will ask authority to build a fleet of new-type destroyers and escort ships which it is "certain" can deal with the submarine menace.

Third in History

Selected from a horde of major-generals, Grant became the third American lieutenant-general in history when he took command of the Union army. A special act of Congress was needed to revive the

Vishinsky Presents Russian Plan Before the UN

UNITED NATIONS, N. Y. (P)— Western officials today hopefully but cautiously studied Russia's latest atomic control and arms reduction proposals.

Washington experts were hopeful that the Soviet plan, outlined Thursday before the United Nations General Assembly by Andrei Y. Vishinsky, contained an indication the Soviets at last were ready to agree to foolproof disarmament.

American officials said that the

New Proposal
This has been the stumbling Nuthatch Nests

A nuthatch usually will build its nest in a dead stump or tree from two to 60 feet up, so that its young may eat the insects that flourish in this habitat.

This has been the stumbling block for seven years. The United States and its Western allies in sist that the control organ must be set up and effectively operating before stockpiles of nuclear arms are destroyed and their further production prohibited.

Vishinsky created a major stir by presenting to the General Assembly a proposal he said was based on a new proposition put before the London disarmament conference by Britain and France

conference by Britain and France last June.

Basically, his proposal was:

1. All countries would freeze their armaments and armed forces and their military appropriations, at the level of Dec. 31, 1953.
2. They would then agree on a

"substantial reduction" — Russia previously has insisted on a onethird, across-the-board reductionof their military expenditures.

Within six months - or one 3. Within six months — or one year, Vishinsky said, alternatively—the armed strength and appropriations would be cut one-half of the agreed reduction.

To Prohibit A-H Weapons

4. A temporary control commis-sion would be established to receive necessary information on armed strength and its reduction. 5. In the next six months-or one year-all countries would complete the armaments and appropriations reduction by the full, agreed pro-

6. "Atomic, hydrogen and other types of weapons of mass destruction" would at that time be completely prohibited.
7. A "permanent international

7. A "permanent international organ of control" would be established at that time, simultaneously with the ban on nuclear weapons. This organ would have control over the observance of the disarma-ment treaty, "on the prohibition of atomic, hydrogen and other types of weapons of mass destruction, the cessation of the manufacture of these types of weapons and their elimination from the armaments of states and reduction of armaments, armed forces and mil-itary expenditures."

Area Mayors Ask Sales Tax Boost to **Finance Salaries**

HERRIN, Ill. In-Mayors from 23 southern Illinois cities favor an increase of one-half per cent in the state sales tax to finance high-er salaries for policemen and fire-

The mayors met here Thursday and passed a resolution calling for the tax hike which they said should be turned over to cities required by a new state law to pay a minimum of \$300 a month to firemen and police.

The city officials also urged completion of the Devils Kitchen dam and reservoir in southern Williamson county as a means of par-tially relieving the southern Illi-nois water shortage. The project was started by the federal govern-ment and discontinued before World War II. It is estimated 1 1-2 million dollars is needed to complete the dam.

If completed, the dam would provide a water supply similar to but smaller than Crab Orchard Lake. which now supplies water to sev-eral cities. The National Fish and Wildlife Service, which controls the Crab Orchard area, has warned the lake cannot be considered a permanent water source.

If you're washing Fiberglas curtains, avoid wringing and squeezing which tend to "craze" the surface of any crisp fabric. Just swish them through soapsuds and rinses, and hang to drip dry.

Notice To Voters

You must be properly registered to vote. All voters who have never registered, those that have moved to another precinct, or changed their address, will have until October 4th to register, and until October 5th to change their address.

THIS CAN BE DONE AT THE COUNTY CLERK'S OFFICE, OR BY EITHER PRECINCT COMMITTEEMAN OF EITHER PARTY.

The same applies to voters who will become 21 years of age on or before November 2, 1954.

cast a vote, and it is important to you to know that you are registered

This is an election year in which it is important that every voter

The County Clerk's office has mailed a registration card showing the precinct and address of each voter. If a voter does not receive one of the new registration cards, there is something wrong with his or her registration; namely, the voter is not registered, or has moved and has not changed registration, or there is an error in the registration. We are anxious that every voter's registration be in order and we will be

Some transfers of registration have been made since the new cards were made up, and it is thus possible that some of you may get two cards. Please check for the correct card.

ready at all times to help correct registrations.

REMEMBER: YOU MUST BE PROPERLY **REGISTERED TO VOTE!**

Approve Earnings

ST. LOUIS P-The home rule earnings tax amendment to the

city charter was approved here Thursday by a landslide vote of

Complete returns from the city's 785 precincis gave the measure 132,730 votes, with 21,155 votes op-

A 60 per cent majority was need

ed for passage and voters chalked

up a margin of 86.2 per cent in

The measure authorizes the

Board of Aidermen to continue the

present 1-2 per cent tax on earnings

It also eliminates the need of the

city to seek enabling state legisla-

tion to levy the tax, which provides

the city with an annual income of

SPRINGFIELD (P) - Lt. Gov.

John W. Chapman's wife today

sought \$50,000 damages from the

city of Springfield and a church

for injuries she received in a fall

suit against the city and the First Methodist Church Thursday in

Sangamon County Circuit Court.

She said she was injured last Oct.

when she tripped on a broken

sidewalk in front of property

OLNEY, Ill. (P) - An 84-year-

old Olney resident was killed near

here Thursday when he stepped

We Follow Medicine's Progress!

A recent visitor to our prescription department was amazed at the number of different medications we carry for each ailment for which physicians prescribe. In many instances, there are literally dozens of drugs for one type of illness. But, by the same token, there are variations in illness, too. In

one instance, it may be mild and

recent; in another, it may be se-

vere and of long standing. In each

instance your physician, based on

his examination of your condition,

may order a different prescription

Our only aim is to cooperate with your physician and to serve you. An important part of this cooperation and service is to provide an adequate stock of the drugs your doctor may

The doctors know that we have the new modern drugs in stock. That's why they phone the prescription to us. If it's a written prescription, they know that it can be filled at Harris' if it's more convenient to the patient.

Bucky Harris Named Manager Detroit Tigers

DETROIT P-Bucky Harris was named manager of the Detroit Ti-Hutchinson.

Harris agreed by telephone to Harris, 58, has managed major eague ball clubs for 27 of the last 30 years. He managed the Tigers

from 1929 to 1933. He was fired by the Washington Senators at the conclusion of the 1954 season The announcement came less

han 24 hours after Hutchinson reigned because the Tigers wouldn't give him a two-year contract.

Gamma Globulin Released for Sale

WASHINGTON IP-Gamma gloment officials doubt that Americans will rush to buy the drug. For one thing, public health offices around the country have suficient supplies to provide GG shots ree where they are needed for polio, measles or infectious hep-

For another, the polio season is apparently on the decline in most areas. The Public Health Service said Thursday that 2,344 new polio cases were reported last week, 12 per cent less than in the preceedng week. Most states showed decreases, with only Florida reporting a substantial increase.

A third reason why officials think the public will not rush to buy GG that a doctor's prescription is required to buy it in a drugstore. The drug, which is given to persons exposed to measles to lighten their cases, was released for sale on the open market by the government Thursday after two years of strict distribution controls

Indict Ex-Convict For Murder of W. Frankfort Cop

BENTON, Ill. (P) - A special Franklin county grand jury today indicted Elic Morgan Easter, 42year-old ex-convict, for the murder of West Frankfort policeman

James Paulk, 40.

Easter, who confessed shooting
Paulk when he sought to question
him the night of Sept. 13, also
was indicted for the kidnaping and

City School Teachers Enjoy Annual Picnic to Honor New Members

Teachers of the Harrisburg City schools enjoyed their annual picnic Thursday evening, gathering at Karel park for a picnic dinner which was followed by a program designed to initiate new teachers into the ranks of the "old timers."

—that is with their backs to their addience.

Alice Jarrell was master of ceremonies, reading a profound prologue in gridion style, and introducing six new teachers, all garbed in clown costumes.

Gathering soon after school closed in the afternoon, the group enjoyed visiting, the perennial washer pitching contests and other activities prior to serving of a plenti-ful buffet style dinner under the George Carr, Mrs. large shelter.

The Horace Mann school group was in charge of the initiation and entertainment, in which the teachers poked fun at themselves. A ing dunce caps, furnished a va-riety of sounds barely identified as music, under the direction of Burdette Thurmond, who was nat-tily attired in a blonde wig and long-tailed coat.

The band showed versatility — County Superintendent R. Dale they even played music backwards Wilson and Mrs. Wilson.
